THE CHAIRMAN...

Good afternoon an a warm welcome to the players and officials of Letham FC for this Midlands League game. Moving a week on from this afternoon's encounter, the draw for the Scottish Gas Cup 2nd round couldn't have been tougher. Our opponents Stranraer sit top of the Scottish division 2 and only last week demolished Annan 6-1 away. So we face the tallest of challenges next week. Is it impossible? Certainly not! I recall when I managed East Fife, we were a 2nd division side and were drawn away to a Premiership side St Mirren and came away with a 1-0 win. If I recall, we had little possession but defended exceptionally well and when our opportunity came along, we took it. This tie will be more difficult than our encounter at Dumbarton last term, a side who were struggling in the 2nd division at the time. Our mentality, discipline and work-rate will have to be at its very best to progress.

Since the last "port prog" we've managed two wins against two very different opponents, 10 goals for and zero against. Our 3-0 home win against Highland League opponents Wick Academy was well earned and really could have been more. Last week's 7-0 away league win at Brechin Victoria certainly helped with our goal difference and gave the manager an opportunity to give game time to players who haven't featured in recent games.

Can I take this opportunity to thank all the club's sponsors for their support, it's much appreciated.

This afternoon's rearranged league match is welcomed, as we could have very well gone without a game. As you will all know, our Scottish Communities Cup tie versus Lowland League West side, Johnstone Burgh, should have taken place this afternoon. Unfortunately, unlike our association, the Lowland League West does not recognise the Scottish Communities Cup and as such, haven't allowed Johnstone Burgh to play in the competition on the due date. We were approached to play the game on Wednesday evening past but from the club's point of view a number of factors prevented us from agreeing to it.

As I said, our association recognises the Cup, where many others don't. This creates a situation where the burden falls on our clubs to move dates or play weaken sides to accommodate these ties. If we'd agreed to play Johnstone Burgh in midweek, we wouldn't have been able to play our strongest side. There are also the financial implications to the club, our gate would be down and we wouldn't have had the opportunity for hospitality. No disrespect to the Scottish Communities Cup committee but a complete rethink is required if this competition is to be a success going forward. I realise you want the best sides in the competition but at what cost? The situation with our tie will happen time and time again to the detriment of the competition.

This afternoon we welcome Letham. They've had a very up and down season to date with some great successes and some poor outcomes. From our position we need to keep our run of success going. There a great saying, the only place where Success come before Work is in a dictionary. If we put in the Work this afternoon then we'll have the chance of Success. Enjoy the game.

PAUL BERG of TAYPORT FC WALKING FOOTBALL CLUB WRITES...

Walking Football is the fastest growing sport in the UK.

There are an estimated 100,000 participants in England alone, with more than 1,500 registered or affiliated clubs across the UK.

Primarily played by men over 50, and women over 40, with a common average age for men of around 56, Walking Football is a non-contact sport making it safe for both men and women.

Last Sunday, in our final league group matches, our Red squad's average age was 68, and our White squad's age was 64, both playing in an over 50 year olds' league. There may not seem much of a problem between men in their 60s playing against men in their 50s, but, believe me, there is!

Yes, we could join Walking Football Scotland's over 60s league, but that is held in Edinburgh on a Friday. Getting a guaranteed squad available for an all day trip is too much of a gamble, plus Friday is our training day and we wouldn't want to risk not having enough players for that session. Next year therefore, we will enter just one team in the over 50s league, and enter over 60s tournaments for players not involved in the league games.

The next tournament we have entered is the Raith Rovers Christmas Trophy, being held at Starks Park on Sunday 1st November. There will be 12 teams competing.

Last Friday we had 26 players at our session inside at the Regional Performance Centre in Dundee, but we are always looking to attract new players, especially women, so if you know anyone who may be interested in giving walking football a go, and want more information, just contact me on

07831-535555 or email: tfcwalkingfootball@gmail.com

TODAY'S GAME

TAYPORT v LETHAM FC

MIDLANDS LEAGUE GAME 12/36

Tayport have only been playing Letham FC since 2021 and in the first three seasons we scraped through by the odd goal, four 3-2 wins and two by 1-0. It's not been so tight in recent times but today's visitors' erratic form this season suggests that they cannot be taken lightly. This is demonstrated by their five goal wins v high flying Blairgowrie, Coupar Angus and St James as well as the 2-1 win at Downfield which raised a few eyebrows. At the other end of the scale there was an 8-1 home defeat by Kirrie Thistle and a 2-3 home defeat two weeks ago to give Brechin Vics their first points of the season.

Although the Letham goals have been spread around, 19 year old winger Luke Watkins (left), signed from Alloa Athletic, has had his share and will require to be watched. Missing from Letham's squad will be Sol Campbell (bottom left) who has moved back to our neighbours Kingdom AFA's Newport Amateurs.

Alan Cunningham signed from Letham earlier this year, has netted 5 goals in his 23 appearances for 'Port since his debut at the end of March

Tayport's run of good form continued last week at Brechin Vics. We dominated throughout with Vics' attacking threat limited to one late shot on Jordi Duncan's goal. Stefan Elvin and Sam Simpson were absentees and this gave Ross the opportunity to give all the fit players in his squad some game time. There was also a starting jersey for young Jamie Cord (right), signed on a short term loan from Lochee United.

Tayport's cup exploits have been at the expense of league games and this has seen them slip down to sixth place, so nothing less than a win today will be required to keep in touch with the top.

The guys from TAYPORT PREMIER .....

Tayport's
CITIZENS of the YEAR 2026

THE MANAGER...

It's a warm welcome to Letham FC's players, committee and supporters to the Canniepairt this afternoon.

I originally thought we'd be playing the Lowland League's Johnstone Burgh here this afternoon but for circumstances outwith my control, that's not happened. It has, however, given us the opportunity to catch up on a league fixture and we are grateful that our league secretary has managed to slot in a game.

At Brechin last week, I was pleased with our performance. We were aware that Vics might be buzzing after their good win in Perth over today's opponents, so we didn't want let them get off to a good start. We were successful in that, indeed Jordi's first half action, was limited to fielding the occasional passback.
It was damage limitation by our hosts after the break and it took until the closing stages for us to add to that first half total. The two goals were worth the wait, a clever finish by Jay and a superb free kick from Dale.

The unavailability of regular starters, Stefan and Sam, might have caused us some concern but it merely emphasised the strength of pool we have at present. Jamie Cord (19) has joined us from Lochee United on a short term loan and got the opportunity of a full 90 minutes as did Jordi Duncan in goal, deputising for Darren.

Stef is on holiday but I'm hoping Sam will be available this week. Despite a few dodgy results, Letham have shown on their day they are a side not to be taken lightly. We cannot relax.

Enjoy the game, and get right behind the boys, **Ross**

Scottish Communities Cup v Johnstone Burgh

The Port Support might have been expecting to see Johnstone Burgh here this afternoon for a Scottish Junior Cup (to give the trophy its proper name) 3rd round tie v 2025 Cup winners Johnstone Burgh. But alas, no, as Johnstone are playing Gretna in a Lowland League match and the Scottish Communities Cup ties play second fiddle to Lowland League fixtures.

With this knowledge, why, then, did they enter? Could the £20k prize have been an attraction? Maybe. Carnoustie exited on penalties last week after a 2-2 draw v Kilwinning Rangers who are currently top of the Lowland League West. Another six Midlands teams are in 3rd round action today. So, when will Tayport meet Johnstone Burgh? We'll see but it's unlikely to be in the next four weeks.

SILVERWARE DROUGHT

It's been **12** seasons since Tayport FC last collected some silverware and that is the longest period without a cup win or league title win since the club was founded in **1947**.

A Midlands AFA Alliance Cup win **77** years ago kicked things off, then we had a **9** year gap before a Bremner Cup win in **1959**. **3** and **2** year gaps followed, before a lengthy **8** year wait until winning a third Alliance Cup in **1977**.

Thereafter, thanks mainly to having our 'Fife' team in the East Fife AFA providing several successes during the **1980s**, there were no lengthy barren spells during that decade.

The introduction of a Junior team in **1990** signalled an unbelievable period of success, with league and/or cup wins every year until **2015** - an amazing 49 in total.

Since then...nothing. A silverware gap of **12** years. Will that change this year? Let's hope so, fingers crossed!

WHO WOULD HAVE BELIEVED IT!

If you had been scanning the clubs in advance of the Scottish Gas Scottish Cup 2nd round draw, mulling over which clubs you'd prefer to be drawn against, the likes of Lochee United or maybe Hill of Beath might have crossed your mind, known quantities and fairly close by. You'd also look at those you wouldn't really fancy, long journey and going well in a higher tier. So, who do we get? Stranraer away! The best part of a 4 hour bus journey and currently on a hot streak at the top of SPFL League 2 having only just trounced Annan Athletic by 6-1 last week. Still, as they say, the higher they are, the harder they fall and Scottish Cup history is littered with giant killing acts. We travel in hope...

TWISTING the lion's tail
Part 3

Waddock was dropped in favour of McGlashan as Rioch attempted to pull off a miracle in the return leg and the youngster didn't let him down. The Lions came out firing, and McGlashan claimed an assist as John McGinley pulled a goal back. But just after half time, a costly mistake by Keith Stevens extinguished any faint hopes of a comeback, and the season fizzled out in disappointment. Still, the shoots of promise were there for all to see.

McGlashan and Rae were now first-choice selections for Rioch when the new season kicked off that August. Millwall, bolstered by the profits from Sheringham's big-money move to Nottingham Forest, fielded a much-changed side for the opener against Middlesbrough. So unfamiliar were the new faces that the travelling supporters at Ayresome Park chanted, "Who the fucking hell are you?" in jest at their own team. The main target of their humour was new signing and future Crystal Palace starlet Chris Armstrong, who had only just arrived at the club.

Seeing the funny side, it was McGlashan who ingratiated himself with the away end by pushing the striker towards them and telling him in no uncertain terms to let the fans know who "the fucking hell he was."
Two away defeats, sandwiching an impressive 4-1 victory over Sunderland at the Den, was not the start to the season Rioch was looking for. Despite some encouraging performances, his side were struggling to get the results they deserved, hampered by the glaring void left by Sheringham's departure.
McGlashan was one of the brightest sparks of those opening games with a run of form that left new signing Ian Bogie kicking his heels on the bench. He now looked the part – a far cry from the scrawny kid that had made such a nervy start a year earlier, combining strength, flair and skill with the kind of bite that is often appreciated by the crowd in South East London.
